3 Port charging

3 Ports – 1 x USB-C (30W PD) & 2 x USB-A (15W/Max 2.4A Each Port) to let you charge up to three devices at once.

USB-C Power Delivery

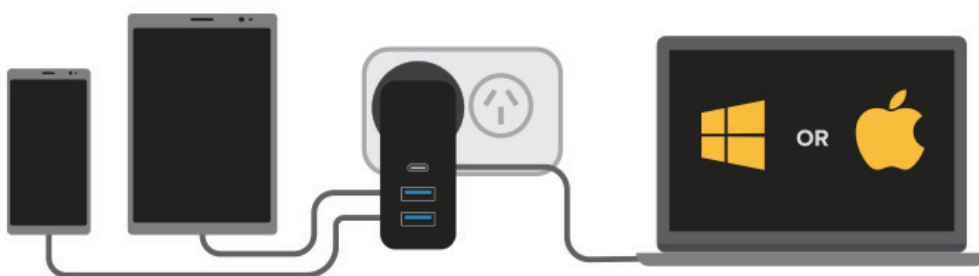

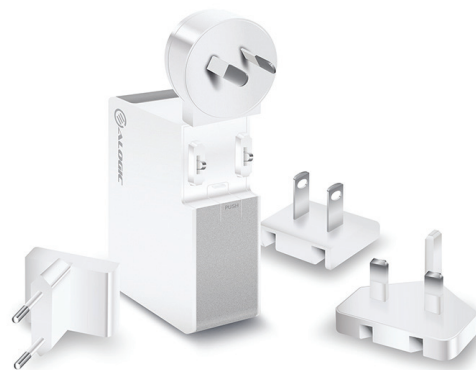

USB-C technology allows you to charge laptops, tablets and phones with a single charger by using automatic voltage selection to suit the device in use. This charger can charge your device with a maximum power output of 30W through the USB-C Port.

Multi Country Plugs

Comes included with power plugs for Australia, US, UK and Europe.
