## Employment

- **Nulab Professional Imaging** (March 2012 to Present 2017)  
[Graphic Designer/Pre-press Operator](#)  
I am currently working in Nulab Professional Imaging as a full-time employer for more than 5 years. I have gained knowledge and experience dealing with clients regarding designing and pre-press. I have also learnt to design and set up files properly so that there will be no error in the finished product. I also specialise in colour correcting and sending files to be printed in large format printers (Fuji Film Flatbed Printer) and in press printers (hp Indigo 7600). I also have basic training to run the hp Indigo to print files for proofing.
- **Noel Herbert Photography** (October 2014 to Present 2017)  
[Photographer](#)  
I currently work and manage my own freelance photography business. As a photographer I have shot Weddings, Engagements, Birthdays, Portraits, Maternity and Landscape Photography. I also spend time designing Marketing material and content to post in social media to promote my business. I also manage my own website [www.noelherbert.com](http://www.noelherbert.com) with WordPress. To keep my Photography business updated with contemporary style, I observe and adapt to the latest trends. This truly is my passion and it has brought me much knowledge and experience.
- **Racepaint Fleeting Image** (September 2010 to December 2012)  
[Web/Graphic Designer](#)  
In Racepaint Fleeting Image I was a part-time designer in which I redesigned and managed their website using WordPress and posting new content regularly to keep the audience engaged. I have good knowledge of HTML, CSS and Java Scripts. I also designed vinyl for cars, boats, motorcycles and other vehicles. I worked on setting up files for vinyl prints and also have experience on practically wrapping a vehicle with vinyl.
- **Aser Labels** (May 2010 to August 2010)  
[Graphic Designer/Print Assistant](#)  
I was a lead designer in Aser labels. I worked with a small team designing surface graphics that would be printed on adhesive labels. I have experience setting up files for adhesive label prints, working with CMYK printers and black and white Zebra printers.
