

To whom it may concern;

My name is Alejandra, a hardworking, positive and passionate industrial designer with a background in graphic and visual design. Back in Colombia, I worked as a visual merchandiser in one of the biggest fashion companies. I have done professional photography in fashion and food context. In Melbourne, I have gained further experience as a graphic and an industrial designer working at Mystic Pants, marketing company (<https://mysticpants.com/>).

I understand that you will receive a large number of applications for this role. I do, however, believe that my motivation, my pre-existing skills working in a professional and fast-paced work environment and my attitude to challenge myself to do any task given, will allow me to fit into your work environment and supporting the needs of your organisation.

I would appreciate the opportunity to meet with you to discuss my application at an interview.
Please feel free to look at the portfolio that provides samples of my work.

I can be contacted at all times and I am able to start immediately.

Thanking you in advance for your time,

Kind Regards; Alejandra Maya
