Expand your computer's capabilities

The Universal Dual Display Docking Station transforms your laptop in to full fledged work station with support for dual monitor, one monitor can connect via HDMI or DisplayPort output with 4K support (single monitor setup) or 2K support (dual monitor support) and the second monitor through the DVI output with support for 2K (2048 x 1152) resolution.

Slim low profile compact design

- Small foot print with ports on the sides slims down the profile for the dock, ensuring that it uses minimal desktop space
- Includes mic/headphone jack for audio
