Safe & Secure

- The Smartbox locker features a robust steel and aluminum construction making the device durable and strong at the same time. Each compartment is secured by a digital number lock with LED indicators showing the current locking status.
- Micro USB ports lets administrator run master code and run firmware upgrades.

Universal Compatibility

Each compartment features one AC outlet and one USB charging port with 2.4A output. Compartments can fit devices with up to 17inch diagonal screen sizes. This enables the locker to charge most of the devices commonly used.
