Truly Universal: Connect all you want

The dock PLUS features a full array of ports ranging from 1 x HDMI with support for 4K@30Hz, 1 x Mini DisplayPort with support for 4k@30Hz, 1 x Gigabit Ethernet for wired ethernet, 2 x USB 3.0 (USB-A) ports for your standard USB accessories, 1 x Micro SD and SD Card Readers and 1 x USB-C port with support for up to 100W of Power Delivery for charging you laptop when connected to a suitable USB-C Charger.

Power Delivery 3.0 Technology: Data + Power

The Docking station uses the latest Power Delivery (PD 3.0) specification, that lets you charge your MacBook or other USB-C enabled laptop with up to 100W of power.

Single 4K or Dual 1080p Monitors

The Dock PLUS supports either a single monitor with up to 4K resolution when one of the HDMI or it can also support two monitors with up to 1080p FULL HD resolution simultaneously when the HDMI and Mini DisplayPort outputs are used together.

The Dual monitor support is only compatible with Windows 10 and above computers. Only single monitor is supported on Mac computers.
