Outputs

4 Charging Outputs

4 Outputs – 1 x Wireless charging for 10W, 1 x USB-C 60W PD & 2 x USB-A (5V/3A) to let you charge up to four devices at once.

Fast Charge Smartphone & Tablet

The Power Bank Ultimate offers fast charging capabilities for both your USB-C and USB-A enabled devices. To achieve this, the Power Bank uses the latest Power Delivery Technology which allows you to generate a 60W USB-C output and 15W USB-A output (5V/3A).

Safe & Secure – Qi Certified

Qi certified to meet and exceed all the industry standards.
Optimised for iPhones with 10W output

Smart LCD Design

A cool white light LCD display indicates the battery's current capacity in numerical value to ensure the accuracy of the charge.

Certified Safe

Certified to meet and exceed international regulatory standards, it is equipped with MCU protections including high temperature, short circuit, overcurrent, low-voltage, overvoltage, overcharge and overdischarge protection mechanisms.

User Interface

Input	USB-C
Output	2 x USB-A (5V/3A) 1 x USB-C 60W PD 1 x Wireless charging for 10W

Power

Power Delivery	Up to 60W
Wireless Charging	Up to 10W

Battery

Type	Lithium-Ion
Capacity	27000mAh
Output Selection	Automatic

Physical Characteristics

LED	Wireless Charging Indicator
LCD	Battery Charge Indicator Display
Dimension (mm)	182 (L) x 105 (W) x 27 (H)

Package Includes

USB-C Power Bank Ultimate 27000mAh
with Wireless Charging x 1
User Manual x 1

Warranty

1 Year
