Expand your computer's capabilities:

The VU3UDP USB 3.0 Universal Portable Docking Station - HDMI or VGA/Gigabit Ethernet/USB 3.0 is a compact all in one solution for connecting your computer/laptop to an external display, gigabit ethernet and USB peripherals all at the same time. It's a perfect travel companion, it can replace as many as three adapters/dongles to save you space on your desk and in your bag.

Expand your monitor setup with resolutions up to 2048 x 1152.

Connect to a variety of USB 3.0/2.0 compatible devices, such as your keyboard and mice, and add versatility to your working environment.

Specifications

- User Interface:
  Outputs: USB-A(USB 3.0) x 1, HDMI* x 1, VGA* x 1, Gigabit Ethernet x 1
